PROFESSIONAL SUMMARY

Dedicated BCA student at Brainware University specializing in Full Stack Development with a strong academic record (SGPA: 9.10). Proficient in C, Python, JavaScript, HTML, CSS, and SQL. Passionate about building efficient software solutions through hands-on projects and certified learning from Harvard University.

SKILLS

Programming Languages : C, Java (Learning), Python (Basic), JavaScript (Basic)

Web Technologies : HTML5, CSS3, jQuery, Bootstrap

Databases : SQL, MySQL

CS Fundamentals : Data Structures & Algorithms, OOP (Learning)

Soft Skills : Problem Solving, Analytical Thinking, Adaptability, Project Planning, Communication

Languages : Bengali (Native), Hindi (Fluent), English (Fluent)

PROJECTS

Interactive C Games Collection

Nov 2024 – Present

Individual Developer

- **Logic-Based Game Design:** Built Tic-Tac-Toe, Rock-Paper-Scissors, and a Number Guessing Game in C using core programming concepts.
- **Modular Programming:** Structured games using functions, loops, and conditionals for clean and maintainable code.
- **User Experience:** Added input validation, clear prompts, and replay options for a smooth interactive console experience.

Technologies / Skills Used : C, Data Structures, Modular Functions, Console I/O

EDUCATION

Year	Degree	Institute	SGPA / Marks
2024 – Present	BCA (2nd Year)	Brainware University, Kolkata	9.10 (4th Sem)

CERTIFICATIONS

- **CS50's Introduction to Programming with Scratch** – Harvard University (CS50 / edX) | 2024 • Includes 9 hands-on projects

HOBBIES

Gaming • Travelling • Vibe Coding
